

# BOSSTAB Touch Evo Screw Mount (from below)

## Getting started guide

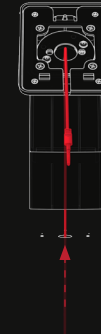

1. Remove the rear screw and lift the bracket off the stand.

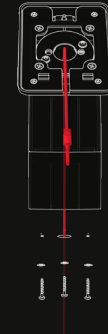

2. Unscrew the three screws to remove the base plate and base casing.

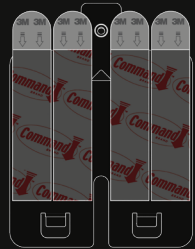

3. Drill pilot holes to assist with screw base mounting. Refer to the mounting guide for assistance.

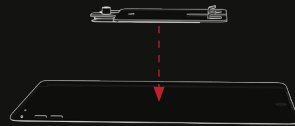

4. If you are running your charging cable through the surface, ensure to drill a larger hole to feed cable through.

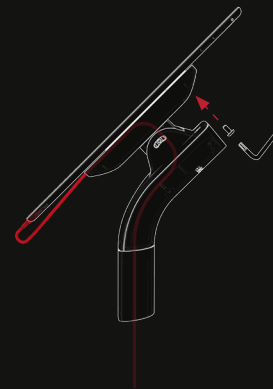

5. Screw down your stand through mounting surface using the screws and washers provided.

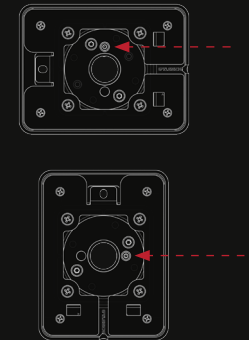

6. Peel off the paper from the 3M Command strip.

7. Place the bracket in the center of the tablet and press down and hold for 20 seconds.

8. Re-attach top bracket and secure with the lock screw.

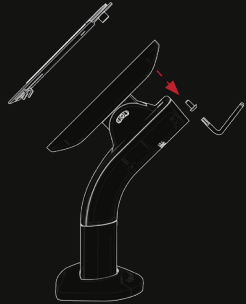

**Optional Rotation Lock**  
Place case on the pole in desired rotation and screw lock screw as shown to lock rotation.

**Optional Tilt Adjustment Lock**  
Using Allen key provided, tighten screw at desired angle to lock in position.
